Additional Items in Return Shipment: _____

- Include your oil feed fitting. Do NOT send water lines or fittings, oil drain lines or fittings, hoses, or tubes unless specifically told so by AGP These items will get lost and AGP is not responsible for missing fittings or hoses.
- Place your turbo into a garbage bag before packaging
- Please package well with plenty of crumpled up newspaper. Do NOT use packing peanuts
- Any items left unpaid or unclaimed for a period of 30 days or more will be recycled or sold.
- You understand that you will be charged \$80 for a checkout fee. That \$80 will go towards your rebuild cost.
- This form must be accompanied with your turbocharger when sent to us.

Rebuilds take approximately two weeks to complete once we receive the turbo. Sometimes we need to special order components and that adds time. We do our very best to get your turbo back to you as quickly as possible.
